

Colure Hair Care is an environmentally conscious hair care product company that specializes in hair coloring and the special products required to help maintain color and healthy hair. According to the official Colure Hair Care website, Colure Hair Care products are made with all natural, non-allergenic and environmentally safe ingredients. The company is 100% vegan, meaning it never uses animal-derived ingredients and CHC products are never tested on animals. In addition, Colure Hair Care products are paraben, sulfate, alcohol, and petrolatum free as well as sodium chloride, hydrocarbon, and perfume free. CHC products are also free of dyes.

Colure Hair Care's Mission is "To offer hair color professionals everywhere, the highest performance, pure and natural, luxury color care and styling products employing the most current proven technological advances. Colure Hair Care passionately strives to create an environment of professional inspiration, motivation and education to enhance the quality of life and business for hair colorists around the world." –  
By [www.colurehaircare.com](http://www.colurehaircare.com)

Colure Hair Care products include hair color, shampoos and conditioners, and styling products. Colure hair color comes with a no fade-out guarantee. CHC hair color offers no-fade results with the use of molecular nano technology and a special color longevity formula. Not only this, but CHC's hair color products are "truly green and pure." They contain certified organic botanicals as well as 100% non-toxic organic chemistry, meaning no sulfates, parabens, dyes, hydrofluorocarbons, propanes, petrolatums, denatured alcohols, and butanes. The products are also 100% vegan, use 100% recyclable packaging, and they are earth and people safe. As stated earlier, these products **are not tested on animals** and they do not contain animal derived ingredients.

CHC's shampoo and conditioner products include richly moisturize shampoo and conditioner, and body volume shampoo and conditioner. Styling products include 'firmhold styling gel', texture crème, 'straighthair blowdry crème', and curl wave styling cream. These Colure Hair Care products contain a number of natural and organic ingredients. A small sampling includes: certified organic botanical blend of: aloe vera, Roman chamomile *chamaemelum nobile*, mango *mangifera indica*, soy protein glycine max, safflower *carthamus tinctorius*, and guava *psidium guajava* aromatherapy of mango and guava.
